### Technology needs:

Computers or tablets that students use should be able to run **full Windows** so that students have access to the full functionality of Office applications (e.g., Word, PowerPoint, Teams). Please note that Chromebooks do not run full Windows and have caused some students difficulty when trying to use them for school needs. Families may download the Office 365 suite of products for free using their student's PCS email address.

**9<sup>th</sup> and 10<sup>th</sup> grades:** Students will need access to a computer with the full Office suite (specifically Word, Teams, and PowerPoint) to complete assignments regularly throughout the school year.

**We strongly encourage students to have their own computers this year, as it will be expected for all Rhetoric School students (9<sup>th</sup>-12<sup>th</sup>) to have their own next school year, 2025-26.**

**11<sup>th</sup> and 12<sup>th</sup> grades:** Students need **their own computer**, as they will have daily need for typing and/or research.
