

UPDATE #11 – August 7, 2020

Dear Providence families,

As the first day of school nears, teachers and staff are continuing to prepare for the return of our students. We have prepared a [brochure](#) to help you know what to expect as your children begin school this year. You will again see references to SchoolPass, the new app we will be using to facilitate many systems on campus. You will receive login information for SchoolPass before the school year begins.

The brochure also contains information about Meet the Teacher and other August events. Like the previous communications, this brochure can be found on our website. Given that we are in an ever-fluid situation, the website version will be updated as necessary. We look forward to beginning this new and unique year with our Providence community as we continue to pursue our mission to train students to impact their culture for Christ.

In Christ,

Richard Halloran
Headmaster
Providence Classical School
