

UPDATE #9 – May 21, 2020

Greetings PCS community,

As we come to the end of the 2019-2020 school year, I am grateful to be able to rejoice with you in God's provision for us during this turbulent time. As we look toward next year, I know many of you have questions about how PCS is preparing for the 2020-2021 school year in light of the uncertainty we are all still experiencing.

I have convened a Return to Campus (RTC) Task Force to help prepare PCS for on-campus learning in the fall. This task force will also consider the many and varied needs of families within our community who may be cautious about returning. Please read our [brochure](#) that explains the work of this Task Force and some of the areas of anticipated change for next year. As always, please contact me or your administrator (Melissa Martin for Grammar School and Carmen Watson for Upper School) if you have specific questions about your family's situation.

We look forward to continuing to serve all of you in the 2020-2021 school year. We covet your prayers as we work this summer to prepare the campus for your students so that we can continue our mission of providing Christ-centered classical education that trains students to impact their culture for Christ.

Sincerely,

Richard Halloran
Headmaster
Providence Classical School
