

## **School Awards 2024-2025**

### **Ephesians Recitation Award**

Every year, Mrs. Martin challenges our 6th grade students to cap off their time in Grammar School by reciting the entire book of Ephesians over the course of the year. This feat requires a great deal of personal responsibility, diligence, and determination. This year, *two* students (who happen to be siblings) have completed this daunting challenge.

**Congratulations to the 2024-2025 recipients of this award!**
