

School Awards 2023-2024

Intellectual Curiosity Award

The Intellectual Curiosity Award recognizes students who demonstrate a particular curiosity in certain subjects studied at school and a general curiosity in other fields of learning. These students frequently share something new learned outside of class, whether from books, media, personal observation, or conversation with others. These students express a delight in discovery: they have not allowed institutions, peers, past experiences, or societal prejudices to crush that great gift God has given to each of us—wonder and imagination. One student per grade level receives this award.

Congratulations to the 2023-2024 winners!
