

## **School Awards 2025-2026**

### **Math Olympiad Awards**

Providence Grammar School students in 4th-6th grades participate in Math Olympiad, a monthly math competition in which the students solve unusual and difficult math problems that stimulate creative thinking and problem-solving. More than 85,000 students competed in Math Olympiad worldwide this year. Students who place in the top 50% worldwide receive patches. The top PCS student from each competing grade receives a medal.
